

List of Agents/Representatives acting for BAS for ship port calls (Issue 50 Jan-2019)

BAS does not have an agent in Stanley, Falkland Islands, but has a permanent representative office. The details of the BAS Office Stanley are included here for your convenience.

Please note that:

Agents are not generally officially appointed more than 3 months before arrival. If you wish to contact the agents before that time, check with Randy (see below) and if needed the agent will be officially appointed. They deal with many ships and this will help to avoid confusion.

Delivery addresses for anything other than mail and small packages may be different from the main agency address. Please check with the agent before dispatching large items for the ship.

In all ports you may be required to show photo and/or other identification and it is recommended that even when visiting UK ports, a passport or photo ID driving licence is carried for this. Check the notes for each port for known requirements over this minimum.

When taking packages etc to the ship, you must be aware of the contents, if possible have a dispatch note or packing list and be ready to have goods/cars searched.

Any questions please contact Randolph Sliester – Ship Operations Manager 01223 221456 or ranies@bas.ac.uk
