

Clothing Size Guide

Please read the following guide closely to understand the information and measurements that we require. This form will be used to create a kitbag that is tailored to your job role, location and clothing sizes. Please ensure that you complete all sections of the form and the information you provide is as accurate as possible.

Once your bag has been made up the clothing store will be in contact to arrange either an in person or remote kitting appointment.

If you do not fill in the form correctly i.e. only putting in Large instead of measurements or not filling in parts like glove size you will likely receive a poor fitting kit as we use many different brands that have different size ranges and fits.

If you would prefer not to supply a gender this is fine.

Body Dimensions

How to measure:

Neck:

Around the fullest part of the neck, at the base

Chest:

Around the chest, just under the arms and across the shoulder blades

Bust:

Around the apex of the bust, just under the arms and across the shoulder blades

Sleeve:

From the centre back of the neck, across the shoulder, and down the arm to the wrist

Waist:

Around the narrowest part of the waist

Hip:

Around the widest point of the hips

Inseam:

From the crotch to the floor on the inside of the leg

Clothing Size Guide

Glove size

How to measure:

Palm girth:

Around your dominant hand at the knuckles with your fingers together

Palm length:

From the crease at the base of your wrist (on palm side) to the tip of your middle finger

Head Wear

How to measure:

Head:

Measure around the largest part of the head—about one inch above the eyebrows.

PRESCRIPTION EYEWEAR

If you require prescription eyewear other than just for reading, you may require prescription glacier glasses for your Antarctic tour. Please email clothing@bas.ac.uk to discuss this possible requirement.

Please read the Clothing Size Guide Document BEFORE Completing this form
